50 in a Day – The Green Tech Startup Showcase*

COMPANY OVERVIEW & MISSION

Our identity and core activities

WE FUND

We **finance** and **implement energy redevelopment projects** across Italy, upgrading buildings and infrastructures for greater efficiency.

WE CONNECT

We **build alliances** with **energy-intensive clients** and **stakeholders** to deliver integrated energy solutions.

WE INTEGRATE

Each project combines **green technologies** and **fintech tools** to generate **long-term environmental** and **economic returns**.

WE SHARE VALUE

Energy efficiency becomes a vehicle for shared capital growth and collective well-being.

Energy Social Company

Infinityhub is the first **Energy Social Company**, a natural evolution of the traditional **ESCo** model. We integrate **energy efficiency**, **renewable solutions**, and **community participation**.

Benefit Corporation

We are committed to **balancing profit** and **purpose**, creating shared value for the **environment**, **stakeholders**, and **society**.

Promoters of Sustainability & Fintech

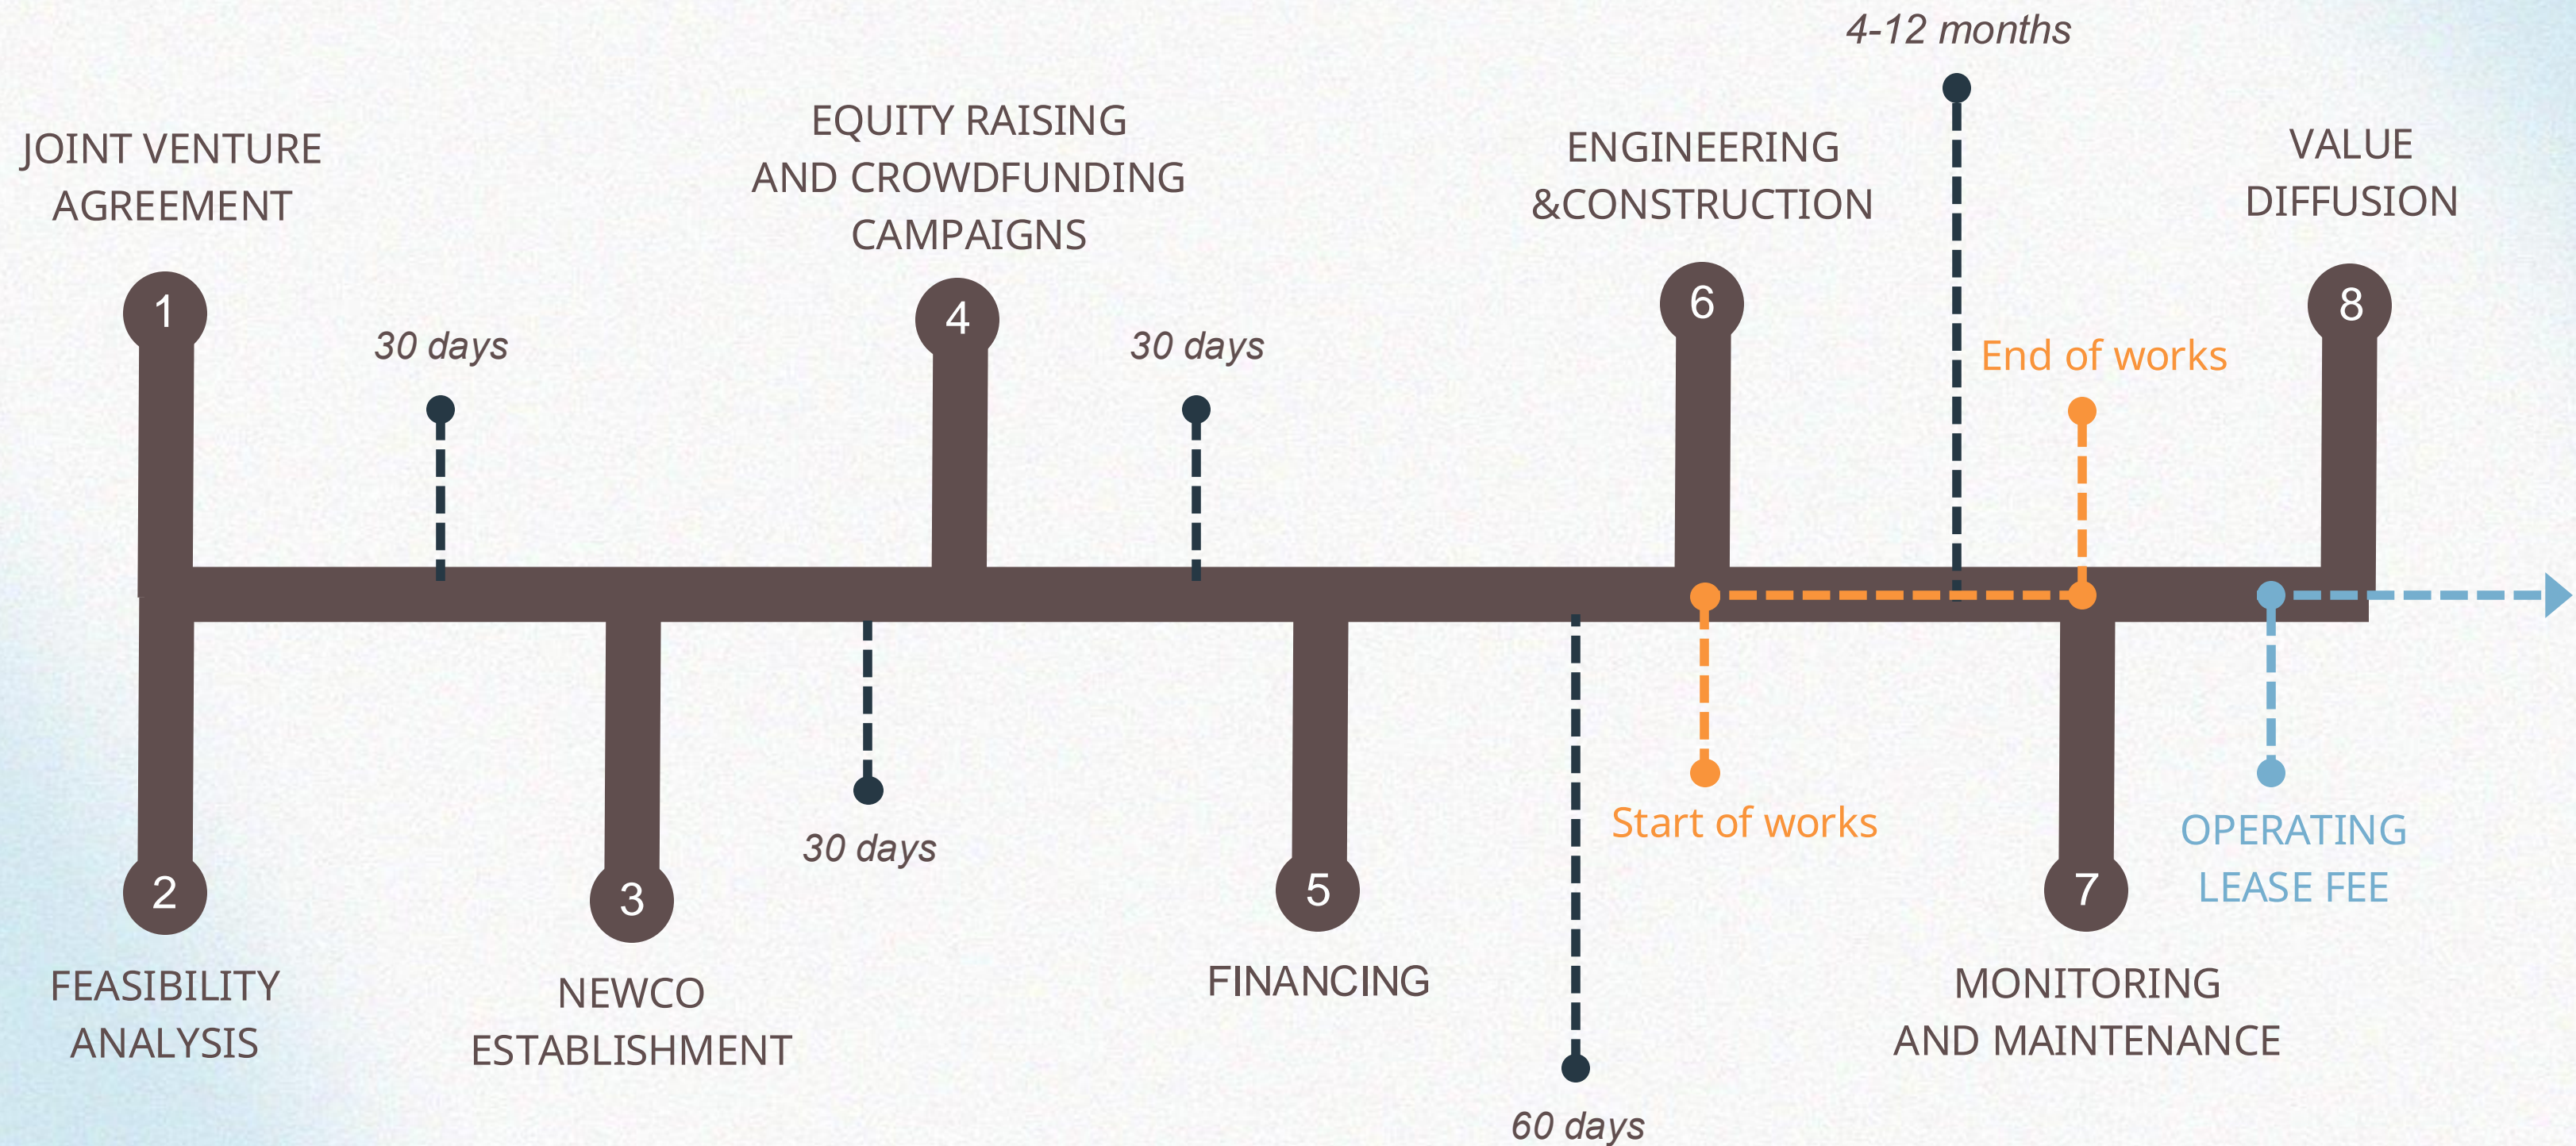

Innovators in combining advanced **green technologies** with **fintech tools** such as equity crowdfunding, fintech lending and impact investing.

Our mission

Accelerating the energy transition through an **innovative, participative, and sustainable** approach, delivering **measurable** and **certified** impacts for the **environment, economy and society**.
