SOVRAPPOSIZIONE QUANTISTICA DI STATI

(Erwin Schrödinger -
Richard Feynman)

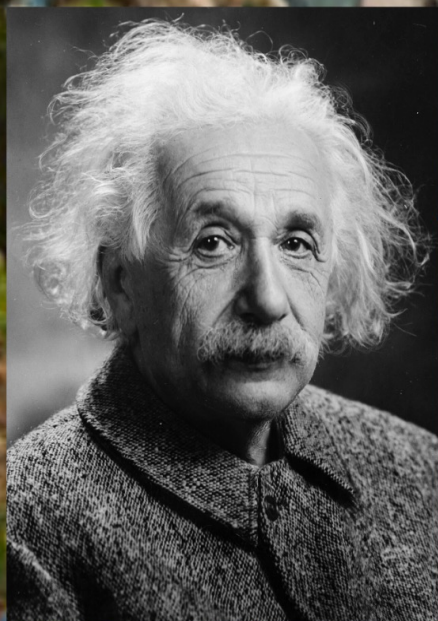

The background is a rich, colorful illustration of a town square. On the left, a yellow building with arched windows and a sign that reads "San Giorgio" is visible. To its right is a taller, grey stone building with a clock tower. In the foreground, a large crowd of people in various costumes is gathered. A green car is on the left, and a red and yellow striped umbrella is on the right. A small black and white cat is in the center. A large blue circle with white text is overlaid in the center. Two white diagonal lines cross the image.
